

HIGH PRESSURE OPTICAL STUDIES ON LIQUID CRYSTALS

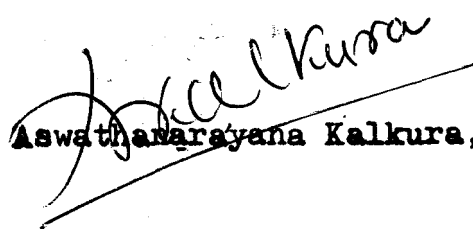

A Thesis Submitted to the"
UNIVERSITY OF MYSORE
for the degree of
Doctor of Philosophy

By
ASWATHANARAYANA KALKURA, T.

DECLARATION

I hereby declare that the thesis **was**
composed **by me** independently and that it has
not formed the **basis** for the **award** of **any** Degree,
Diploma, Associateship, Fellowship or other
similar title.

CERTIFICATE

I certify that this thesis has been composed by ~~Mr~~ Aswathanarayana Kalkura, T. based on investigations carried out by him at the Liquid Crystals Laboratory, Raman Research Institute, under my supervision. The subject matter of this thesis has not previously formed the basis of the award of any degree, diploma, associateship, fellowship or other similar title.

ACKNOWLEDGEMENTS

The work presented in this **thesis** was carried out in the Liquid Crystals Laboratory, Raman Research Institute, Bangalore, under the supervision of Professor S. **Chandrasekhar** who **has** always been an indispensable source of **encouragement and** advice. I **am** highly indebted to **him** for **his** inspiring guidance, constant support and keen interest in the **work**.

The invaluable help, fruitful discussions and suggestions extended by Dr. R. **Shashidhar**, throughout the **course** of this work were responsible for its **completion** in such a short time. I express my deep sense of gratitude to him.

I **am** highly grateful to Dr. N. V. Madhusudana, Dr. G. S. Ranganath, Dr. B. R. Ratna, Dr. G. Venkatesh, Dr. R. Sivaramakrishnan, Mr. M. S. Urs, Mr. S. Raghavachar, Mr. K. Subramanya, Mr. S. Krishna Prasad, Mrs. Jayanthi Ramachandran, Mr. B. S. Srikanta, Mr. H. K. Jayaram, Mr. A. Ratnakar and to other **friends** in the **Institute** for their wholehearted cooperation during **the course** of the work.

My thanks are also due to Mr. K. Vasudevan for **his** technical advice and help in the design and **fabrication** of the high pressure optical cell and to Mr. V. Nagaraj for the precise machining of the various components of the cells used in the experiments.

My work was made possible through the award of a Teacher Fellowship under **Faculty** Improvement Programme by the University Grants Commission, and the grant of **leave** by the Principal and the Management of Vijaya College, **Mulki**. I remember them with gratitude.

Finally, I thank my wife **Kusuma** and my brother Subramanya for their encouragement **and** sustained support.

Aswathanarayana Kalkura, T.
